He has continued the cruel and unnecessary policy of separating families at the border, locking up blameless children in cages, and ending protections for DREAMers. Our country deserves an immigration policy that reflects our values, solves problems, and treats people with basic human dignity.

[TRUMP WALL] As the country now faces our biggest economic crisis, Trump continues to waste money on building a border wall that costs taxpayers over \$20 billion, and does nothing to solve national security threats. With all that's going on, we should be spending money on helping small businesses get by and helping people who have lost their jobs. Yet Trump keeps pushing ahead with his wasteful obsession with building the wall, including wasting \$500 million just to paint the wall black.

27. [ONLY IF STATE=TX] [TX BORDER PRIVATE LAND] Trump’s obsession with the ineffective and expensive border wall is costing taxpayers billions of dollars and infringing upon the rights of American property owners. Landowners in the Rio Grande Valley were notified that their privately-held land would be seized by the federal government to build Trump’s wall after the decision was made and plans were already in the works. By forcing the construction of the border wall on private property, Trump and his administration are actively attacking Texas property owner rights, and grossly misusing taxpayer money.

He refuses to take any responsibility, and continues to say the coronavirus “will disappear on its own.” Just like Trump, Governor, Greg Abbott failed to take the coronavirus seriously, putting Texas on a very scary path. Since early July, Texas is averaging nearly 10,000 new cases a day, and one hundred COVID-19 deaths.

29. [IF STATE=TX] In response to the recent spike in coronavirus cases, Republican Governor Greg Abbott has mostly sided with President Trump. Now that Texas is a new COVID hotspot with over 350,000 confirmed cases and rising by 10,000 daily, Abbott’s plan does nothing to protect businesses and workers and prohibits local governments from implementing safer measures. Abbott is putting Texas families at risk, all for the sake of standing by Trump.

31. Time and time again, we have seen Trump act like an authoritarian leader. In recent months, thousands of Americans protested against police brutality and racism. Instead of looking for ways to address the concerns at the heart of the protests, Trump ordered federal agents into cities to stop the protests, pull protestors off the streets, and detain them for no reason. Just like an authoritarian, Trump tried to silence those who disagree with him and ignored the fact that protest is a constitutionally-protected right in America.

40. Which of the following would you say comes closer to your point of view? [ROTATE]

We should oppose any kind of sanctuary policies that let criminal aliens roam the streets. Local police should help federal immigration agents apprehend, detain and deport immigrants without papers, period. 40

We should build trust between local police and immigrant communities so that immigrants feel it is safe to report crimes and serve as witnesses. Local police should focus on their job, which is to make the community safe, and not get entangled in rounding up undocumented immigrants for the federal government and breaking that trust. 60
